

## TRONITEC SERVICE DOCUMENT (TSD #28)

Note: If the CRIND system locks up or a “**BUSY STUCK**” error shows, the problem is more likely the paper detect sensor on the printer and not the printer driver board.

Tronitec, Inc. repairs, refurbishes, and resells equipment made by the original equipment manufacturers. Tronitec, Inc. is not associated with, affiliated with, related to, authorized by, nor certified by referenced companies. Manufacturers names, product names and part numbers are for reference and identification purposes only. All product names and company logos are the trademarks of their respective owners.
